

A large, embossed sunburst design on a dark blue textured background. The sunburst consists of numerous long, thin rays radiating from a curved base. The rays are arranged in a fan shape, with the longest rays extending towards the top right and the shortest towards the bottom right. The base of the sunburst is a thick, curved line that follows the inner curve of the rays.

Midway High School

Dedication

We, the 1971 senior class of Midway High School, are proud to announce that the dedication of this year's edition of THE EAGLE goes to Mr. Robert Stoebener.

Mr. Stoebener has ceaselessly shown his leadership and a never ending desire to become involved for the benefit of others. He is an individual, dedicated to preparing other individuals for their role in later life.

We, the 1971 senior class, wish to express our sincere appreciation and gratitude for this effort. Undoubtedly, his contributions will linger in the hearts, souls, and minds of each of us along the ascending stairway of life.

Superintendent's Message

KNOW WHAT YOU WANT

A very wise man once said, "If you can tell me what you want I can tell you how to get it."

Now, do you know what you want? It is estimated that the great majority of people who are dissatisfied with their lives, who feel they are being passed by, are not suffering from lack of ability. They are suffering from not having decided upon what it is they want out of life.

Now it stands to reason that if we don't know where we are going, we can't get anywhere, right? Right. So the secret to achievement is to decide upon one thing you want very much. There may be several things you would like to have, but pick one thing at a time and stick with it until it is achieved.

You may wonder if you have the ability to attain your goal. You do - we usually just don't want things we don't have the ability to get. We all seem to have a built in governor which keeps us, as individuals, from wanting things beyond our ability to accomplish.

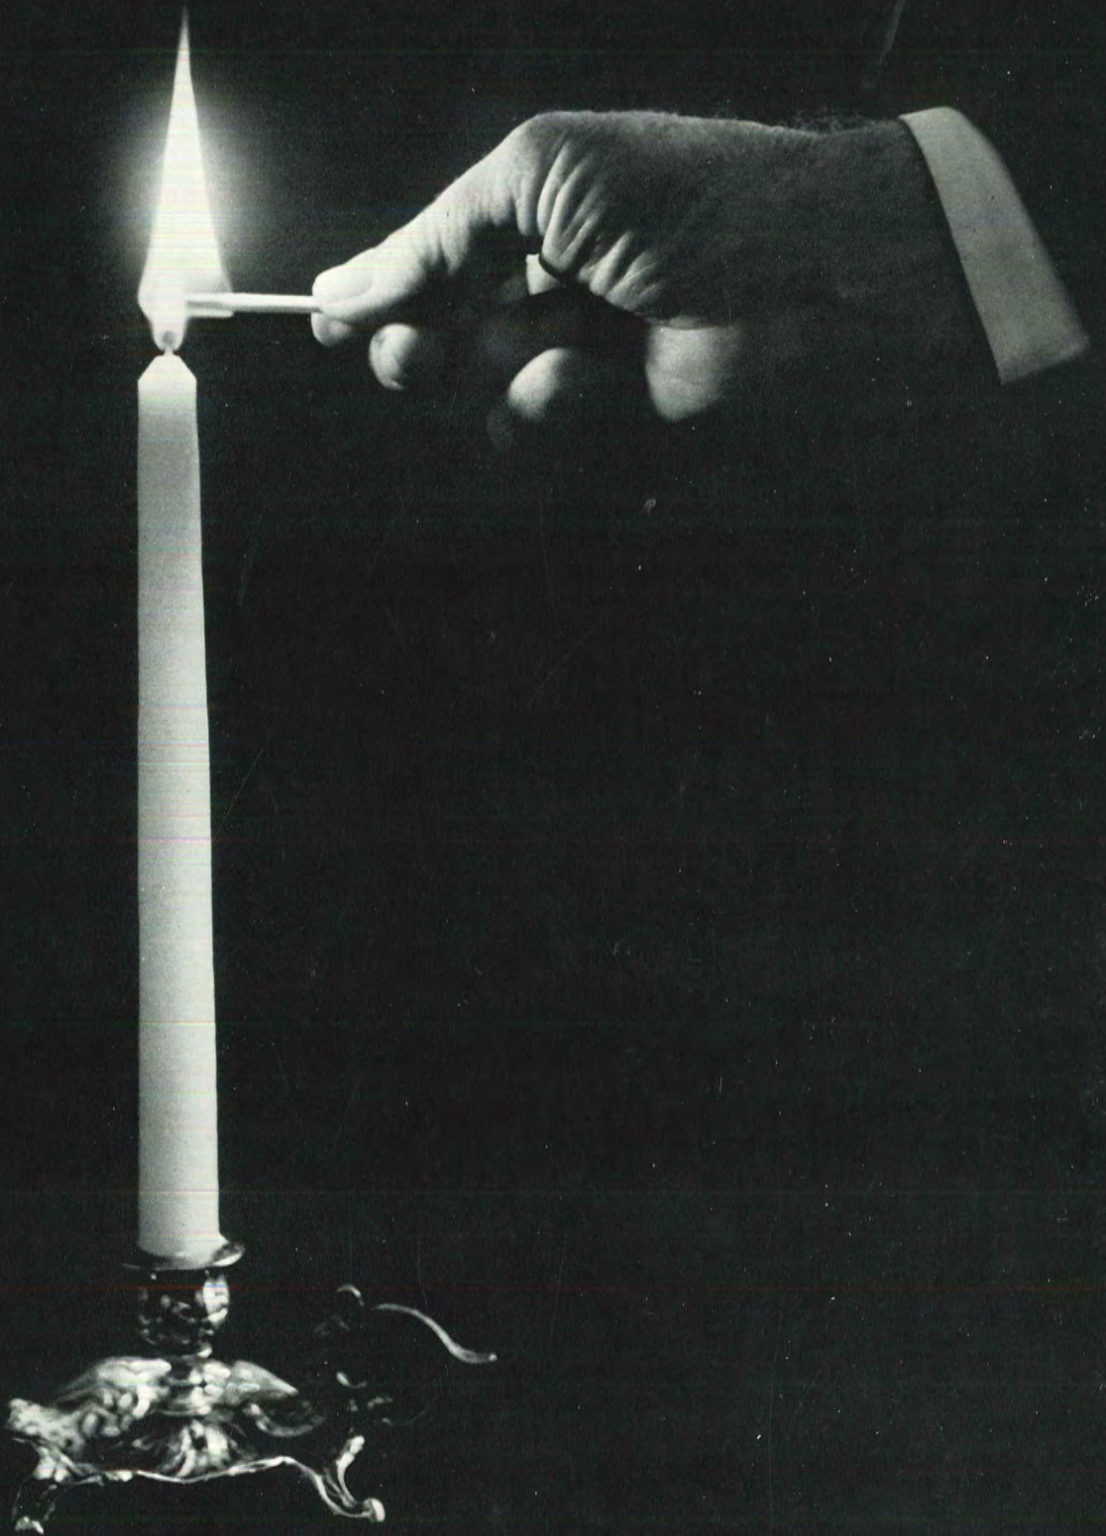

Have no fear that you can accomplish your goal. It's deciding on the goal that can be the most important decision of your life.

There is nothing good or high in store for one who does not aim at something high or good. A purpose and staying with that purpose is the eternal condition of success.

So, the wise man's meaning could mean - "Tell yourself what you want, and then tell yourself how you can get it."

Chapter 3 THE BEGINNINGS IN THE UNITED STATES

The roots of American government reach deep into the past. Our system of government did not suddenly spring into being as at the wave of some political magician's wand. Nor was it pulled out of thin air by the

The Colonial Period

Our English Heritage. The French, Spanish, Dutch, Scandinavian and other Europeans settled in parts of what was to become the United States. But it was the English who came in the largest numbers. And it was the English who came to control the thirteen colonies that stretched for 1,300 miles along the Atlantic seaboard.

These early pioneers who cleared the wilderness and fought off the Indians had to hack out their own way to a future in the New World. But their came here in search of greater freedom and they brought with them political ideas with them, ideas already developed through long centuries of experience. Tradition, thought, and ideal. We shall now review the high points of these beginnings.

SETTLERS AT WORK

Early Americans had to live together in harmony, or they would not survive. This was called "government in order to live," the beginning of our government today.

of which are to be found today — county, borough, jury, sheriff, coroner, and justice of the peace, for example. And all of these were well known in England long before the first Englishman ever heard of America.

(1) *The Twin Concepts of Limited Government and Civil Liberties.* They brought with them, too, the twin ideas of limited government and civil liberties. That is, that government is limited in what it may do, and, especially, that it is limited in the sense

that each man has certain rights that government cannot injure or take away. These great principles of freedom were proclaimed in such historic English documents as the Magna Carta in 1215, the Petition of Right in 1628, and the Bill of Rights and the Act of Toleration of 1689.

(2) *The Concept of Representative Government.* A third vitally important concept brought to America in English ships was that of representative government. For centuries there had been developing in England the

Class Prophecy

Karen Susan Hoffman and her husband have just celebrated their tenth anniversary. Karen is busily raising their twelve little Dodges. We know that in the near future they will become famous for their family basketball team - the Dodge Chargers.

Larry Wilfred George was the world lightweight boxing knock-out champion, having been knocked-out 97 times in 98 bouts, but since his second growth he has become the heavyweight champion.

Joetta Jean Diebolt, commonly known as Jo, having taken advantage of leap year, is now happily married to a handsome Olympic swimming champion, and runs her own swimming school in which her six little blonde boys are enrolled.

Ronald Lee Jamvold has now retired as leader of the notorious Hells Angels and has settled down to a happy life with Miss Vicki. You can now find him at the manager's office of the Schlitz Brewing Co. in Atchison.

Annette Lorraine Albers is now known as Mrs. Bill Jenkins. She resides in Highland and is employed nights at the Scotsman. They are still seen hot-rodding through the country in their blue Chevy pickup in the wee hours of the morning.

Gerald Francis Boos, owner of a 3,000 acre ranch in Severance, has recently been presented with the Farmer of Year Award for his work in the development of the wrinkle free prune. With the money he received he plans to buy a million and a half copies of "Julie Do You Love Me."

Marilyn Ann Libel is patiently awaiting the arrival of her "Prince Charming." Meanwhile, she is presently living in Hollywood and is Phyllis Diller's personal hairdresser.

John Steven Felts after seeing the light, Joseph Junior, is now an ordained minister and has organized a home for juvenile delinquent boys. His influence and teachings are recognized in study halls throughout the country.

Leroy Dean Hartman has become the 83rd President of the United States. He is the youngest and most handsome President to take office. He had been away from the White House one day when the Vice-President revealed to everyone that the President had eloped with Miss Connie in their brand new Buick Riviera.

Kathleen Sue Pauly after graduating from nurse's training at Missouri Methodist, enlisted in the WACS and has dedicated her life in helping lonely soldiers through their difficult experiences.

Michael Wayne Simmons is now living at Atchison in his newly constructed penthouse called "Bachelors Anonymous" and has become a nationally known boxer. He attributes his success from his experience as a bathroom brawler in high school.

Kathryn Louise Tilbury, the famed soprano singer and "Big Mike" have just bought a fabulous mansion in Hollywood. Her theatrical name, "Gus," is on every building throughout Bendena. Because of Gus's fame and fortune, Bendena has finally made the map.

Virginia Lee Akright, because of her bookkeeping ability, has become a college professor. Coincidentally, her pet student is the suave and debonair James Marcinko, Jr.

William Michael Meindinger is now a famous millionaire who owns a chain of playboy clubs and several rubber plantations in South America. He still retains his jolly personality and the cute little dimple on his chin.

Nita Jean Schofield, even though she found Kansas boys very attractive, has returned to Oklahoma to marry an OSU football star. Because of her great interest in football and drive-ins, she has finally perfected the unbreakable tackle. Good luck with the pass.

Lois Ruth Rush is now a regular on the Lawrence Welk Show, but because of the constant glass breakage in the studio the show has been forced to leave the air. She is now awaiting a position on Laugh-In as a replacement for Ruth Buzzi.

Cindy Louise Jones, now a world famous artist, has recently completed her famous "Snoopy" portrait on the ceiling of the White House, she met her future husband, Spiro T. Agnew, Jr.

Daniel Joseph Gronniger is now known as Dr. Baron Van Hickioftener at U. C. L. A. After much research and experimenting, he has changed the pigmentation of his skin. He, therefore, resigned his position at U. C. L. A. and is presently the star of the world famous Harlem Globetrotters.

Margie Lynne Wilke, now Mamma Bear, is tending her three little Bears in the back hills of Blair. She is hoping that one of her off-spring will follow in their mother's footsteps and become an outstanding cheerleader with the ability of doing cartwheels, double stunts, splits, etc.

Last Will and Testament of the Class of 1971

I, Virginia Lee Akright, a senior of the great graduating class of 1971, do hereby bequeath to Mike Halling, my ability to pass Government pop tests, and second hour study hall for him to make use of in any way he sees fit. Also I will him my typing speed and accuracy.

I, Annette Lorraine Albers, being of no mind and even lesser body, bestow upon Constance Sue Godfrey my lucky number 16 and my lunch box purse, in which she can carry my little flashlight in case of emergency. I also leave her my ability to withstand the pestilence of L. D. H. Last but not least, I will her my contact lens in hope that she can someday see the light.

I, Gerald Francis Boos, will to Charles Meredith my extremely extraordinary ability to go places without being caught, my ability to play a full quarter without fouling out and most of all a working transmission.

I, Joetta Jean Diebolt, being of sane mind and body will to Carol Wheeler my ability to drop trampolines on peoples' toes, to halfway listen in government and to perform my duties as annual editor without letting complaints get me down.

I, John Steven Felts, hereby will to Robert Ricklefs my ability to grow long, bushy sideburns.

I, John Steven Felts, will to Wayne Kuhnert my hobby of working on cars so he'll have something to do.

I, Larry Wilfred George, will to Rick Baxter, better known as "Fred" another Ford, a carton of Winstons and the key to Midway's smoking room.

I, Daniel J. "Elgin" Gronniger, being a complete incompetent do will to one Bill Gronniger my ability to get psyched out and not up for basketball games, and the tendency to clutch up when around girls.

I, Leroy Dean Hartman, being ... what you well know that I am, will to John T. Boos my extraordinary abilities to shoot pool, to be "irrelevant," to be a starter on Mac's basketball team, and also the ability to be Mr. Marcinko's only top-notch, A-1 bookkeeping student.

I, Karen Susan Hoffman, will to Janie Helmstetter, my ability to become engaged my senior year and to get married the following summer. Also, I will to her my outstanding ability to understand bookkeeping.

I, Ronald Lee Jamvold, being of excellent form and condition, hereby will to William Clinton Jones my ability to drive a '57 Chevy, especially down the street of Denton. I also give to this impossible young junior a haircut appointment every two weeks of basketball season. And last but not least, my ability to stay out of fights my senior year.

I, Cindy Louise Jones, willfully will Kathleen Elizabeth Baker my trusty jar of Calamine lotion and 548 of my freckles to add to her collection. Last, but not least, I leave her my most prized possession - my title as No. 3 "Ramrod."

I, Marilyn Ann Libel, member of the magnificent class of nineteen hundred and seventy-one, will to Cindy Rose Boos, my concentration in noisy study halls, my ability and patience to get stung by bumble bees.

I, William Michael Meidinger, Esq., being of no mind, will to Robert Leslie Boos, my stupendous personality and good looks and my cool, little, super-fantastic, 4 cylinder, 1/2 carburetor Renault. I also will him my ability to keep the pop machine full at all times and to complete shop projects on time.

I also will to Richard Allen Tharp my ability to get along with the administration and my pair of slightly worn out red grubbies, not to mention my great bookkeeping ability.

I, Kathleen Sue Pauly, will to Teresa Gormley, my beloved, cute, little white mice to do what she wishes with. I also will her the upper half of my trunk to store extras in, and my very scientific mind.

I, Lois Ruth Rush, being of groovy body and sound mind, will my abilities of laughing at the wrong time and not at the right times, and not getting jokes to Ina Lou Ruhnke.

I, Nita Jean Schofield, hereby will to Marlene Elaine Kleppe the ability to go with one guy for more than four months, my inability to drive a four speed and my skill to attract Indian lovers. I leave to her also a lock of my long blonde hair.

I, Michael Simmons, will to Mike Johnson, my ability to have an army back me up and my ability to sleep all night in a car.

I, Kathryn Louise Tilbury, a member of the great class of '71, will to Brenda Roxann Drake, a member of the weaker class of '72, my ability to try to understand Mr. McNemee's complex explanations of Algebra II. I also will to her my abilities to think up punch lines and the ability to memorize the italics under pictures in the Algebra II book.

I, Margie Lynne Wilke, will to Jeannene Myers my study-free senior year, more cheerleading practices like those in the past, my inability to get out of swimming pools, my ability to go out every weekend and go with the same guy for over a year, and lastly, every piece of green in my possession so that she will be adequately provided for on Thursdays!!
