THE EAGLE

*Midway Rural High School
Denton, Kansas
1971-1972*

Dedication

We, the seniors of 1972, take great pride in dedicating this 1972 edition of THE EAGLE to Mr. James Marcinko who entered M. H. S. with us and has spent his four years here helping and teaching his students to become better citizens. He has shown great patience and given much of his time toward the betterment of the school and students. In appreciation for all Mr. Marcinko has done these four exciting years, we the class of '72 would like to dedicate this annual to him. Mr. Marcinko and his dedication to the students will always be included in the memories of our high school days.

Superintendent's Message

The School's Mission

When knowledge changed slowly, it was possible to hand a body of information from one generation to another virtually intact. Now, because knowledge changes so rapidly, it is essential that students acquire the tools of learning which they will use throughout their lives. They must be introduced to all learning disciplines - which is a reversal from just stressing content first and method last.

He must be prepared for life after college or other formal training; be competent in verbal communication; know how to acquire knowledge and how to use it; comprehend his relationship to our physical and social environment; and, to understand his values and the values of others.

Education tends to be a rather solitary experience, stressing individual accomplishment in a competitive situation, but cooperative endeavors is very important. The students must be able to work in groups studying, analyzing, and formulating solutions to problems and in acting upon them.

During my five years as Superintendent of the Midway Schools, I hope I have provided the leadership that was necessary for you, the students - past and present - to develop the proper learning disciplines.

Only time will tell - if our mission has been a successful one.

Last Will Of The Class Of 1972

I, Michael Francis Halling, will to William Albert Fuhrman my ever increasing abilities or talents in whatever I'm good in, such as, passing American Government test without much study.

I also will to James Alex Akright my ability to stay out of trouble and my ability to get along with dogs and the rest of my able-bodied talents.

I, Jeannene Myers, do will to Pam Albers my ability to do the splits on the night when she turns 18 without a moment's hesitation, my "Funkier Than a Mosquito's Tweeter" record, and also my long lasting tan.

Next, I will to Mary Bottiger my ability to have a date on a regular basis during her senior year, and also my trumpet playing ability so she can play solos and be in more easy ensembles or trios.

I, Bill Gronniger, will to Damian Eugene Gronniger my little brown chevy, which he has had his eyes on ever since I got it, my jumping ability, and my ability to play basketball because he sure will need it next year.

I, Cynthia Rose Boos, being of short body and long brown hair do will to Carol Heifer Johnson my ability to stay emotionally calm at all times, especially at basketball games, my ability to keep my small body by staying strictly on my diet and my ability to wear my younger sisters' clothes.

I also will to Susan Janet Albers my outstanding ability to understand jokes when they're first told, my matchmaking ability to use whenever necessary, and my ability to get along with her older brother.

*Hartmut Schnelle
Bielefeld, Germany*

Midway was again privileged to host a foreign exchange student. Hartmut Schnelle, from Germany enrolled in the senior class for the year 1971-1972. Hart has enjoyed his stay with the Frank Rush family. It was interesting for all the people in the community to know and listen to Hart's ideas and experiences. While attending Midway, Hart was an active member of Boys' "M" Club and chorus, where he proved to be a great pianist. He was also a member of our football and basketball teams.

We hope Hart had as much fun here in the U. S. A. as Midway had in hosting him for this school year. We would also like to wish him all the luck in the future.

He will complete his football career on this cruise by perfecting the "unbreakable tackle."

CYTHIA "Chops" BOOS, a well known person at Midway, has spent fifteen years traveling around the world from college to college trying to find "Mr. Right." BRENDA "Rocks" ANNE DRAKE, after her illustrious experience as a leader at Midway High School, went directly into politics. She immediately, well almost that soon, was the leading candidate in the 1976 election running on the first Women's Liberation ticket. She, through her past experiences, (with boys) was the perfect choice because she could understand everyone's problems. As a parttime plumber, carpenter, politician, teacher, baker, candlestick maker, etc., is quite well associated with the problems of today's society.

WAYNE KUHNERT at the age of 26, is now living on a farm south of Bendena. Wayne owns two thousand four hundred acres of land that he is farming and is now the largest hog breeder in Kansas. He has developed several new breeding techniques and cross-breeding systems and has a new breed called the "Kuhnshire."

MICHAEL DEAN JOHNSON, commonly known as Mike, and once called Ruff, has done quite well for himself since he invented the first line of flavored cosmetics. Mike attributes most of his success to his tastebuds which distinguish flavors so independently. Mike now has sipstick in twenty-nine assorted flavors with Hot Tomato being his favorite.

JANE MARIE HELMSTETTER can still be seen strolling in front of the "Regular Hangout" in her hot pants waiting for the blessed event of her eighteenth birthday. She has kept her patience waiting for the "one and only one" to come into her life.

BOBBY "Bud" BOOS is now twenty-five years of age, still single and has a whole fleet of black Renaults. He has twenty female drivers, besides himself, to drive them at blinding speeds of up to fifty-five miles per hour.

CHARLEY MEREDITH was last reported being seen somewhere around Anaheim, California. Since his last high school days, Charley has become a cycle riding hippie. On May 22, 1972, Charley left Bendena with a new chopped Sportster, a beard, and a vow never to return.

JOHN T. BOOS, a retired nuclear scientist was forced to join his father in a farming monopoly. He resides on the north forty along Tobacco Road. He is being admitted to the medical center for treatment to his lower lip.

CONSTANCE SUE GODFREY, now the First Lady of the White House, is busy raising her little congressmen to follow in the footsteps of their daddy, President Leroy D. Hartman. In her spare time, she travels around the country giving lectures on How To Survive Chemistry Without Really Trying.

ROBERT LINLEY RICKLEFS, a confirmed bachelor because of his shyness to pop the question, has recently entered his motorcycle in the Troy 250 with his girls from that town backing him up. He has been skimming the "Dear Juana" column in hopes of finding the answer to overcome his shyness.
